

BUILDING A DREAM TEAM TO ACCELERATE THE LEAN JOURNEY:

“HEARTBEAT” LEADERS FIRST

**January 23, 2018 | 7:30 am to January 24, 2018 | 5:00 pm
Charlottesville, Virginia**

Learn how the best teams seem to so naturally and seamlessly boost productivity, bottom-line performance and employee engagement, enabling the use of the lean six sigma tool set to make more money year over year—regardless of top line revenue. Benchmark and learn how to align your organization, improve leader behaviors, improve team engagement, and improve daily execution to attain consistent near perfect performance measured by greater bottom-line earnings. Every business can be a dream team of engaged, high-performing leaders who understand how to both improve team performance and use lean, six sigma and daily problem-solving tools to truly create a business where respect for people is more than just a sign on the door.

WHO SHOULD ATTEND

Leadership teams, general managers, senior leadership, and heartbeat leaders are encouraged to attend together, learn and create an improvement plan to take home to their business.

PARTICIPANT BENEFITS

- Gain a better understanding of engagement
- Learn how to implement a leader development system
- Discover best practices
- Experience the connection between engagement to increased productivity
